

Bells Independent School District Internet Safety Policy

Introduction

It is the policy of Bells ISD to: (a) prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) prevent unauthorized access and other unlawful online activity; (c) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and (d) comply with the Children's Internet Protection Act [Pub. L. No. 106-554 and 47 USC 254(h)].

Definitions

See key terms are as defined in the Children's Internet Protection Act* below.

Access to Inappropriate Material

To the extent practical, technology protection measures (or "Internet filters") shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information.

Specifically, as required by the Children's Internet Protection Act, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors.

Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.

Inappropriate Network Usage

To the extent practical, steps shall be taken to promote the safety and security of users of the Bells Independent School District online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications.

Specifically, as required by the Children's Internet Protection Act, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called 'hacking,' and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.

Education, Supervision and Monitoring

It shall be the responsibility of all members of the Bells Independent School District staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and the Children's Internet protection Act, the Neighborhood Children's Internet Protection Act, and the Protecting Children in the 21st Century Act. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Technology Director or designated representatives.

All people using communication systems within the School District shall refrain from accessing material, which is pornographic, harassing, advocates violence, or has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive environment within the School District. All electronic information systems shall have reasonable devices in place to prevent unauthorized use of such systems and to prevent intended and unintended access to inappropriate Internet sites by any student, employee, or visitor. Inappropriate sites are those, which contain material, which is prohibited by this Policy. Violations of this section will result in disciplinary action up to expulsion for students, dismissal for employees, and ejection and barring of visitors.

Adoption

The Board of Bells Independent School District adopted this updated Internet Safety Policy at a public meeting, following normal public notice, on October 18, 2010.
